J'aimé,

I wish you hadn't broken up because I still love you very much and I don't think I'll ever stop loving you. You have given me everything I've wanted and I hope I gave you something special too. I guess right now I'm going to find out an answer to a poem I've known for a long time. "If you love him let him go, If he comes back then he's yours; if he doesn't he never was. But no one can ever tell me that you weren't mine once. Well after a while I hope we can get back together again. If not I never want to lose your friendship because that means a lot to me. There's not much more I can say right now except don't ever forget how much I love you. Keep in touch.

Love Always,
Mary

Man must realize that he is an individual and needs a basis in life - the basis of self-acknowledgement - to guide him and give him a firm foundation from which he can grow and develop into an adult with knowledge of himself and life. Man's education is one of the most important factors for developing the good foundation he needs. In this growing education man experiences the many things needed to enhance his learning: close family ties, academics, a firm association with educators, an active social life, and self-dedication mingled with strong determination. These elements of education, found only when they are deeply sought for, help man to create an image of himself in his mind. This image is one of which man can be proud so that he may, therefore, step into society with confidence and self-awareness.

Freshmen find that upon entering high school, there is so much more work than expected. Creating the design for mats and selecting queen candidates are just two major responsibilities needed to be taken care of the first few weeks of year.

"You mean, I've gotta do that?!" is commonly heard in Freshman English classes, especially when grammaring sentences is an assignment. So many things happen in the first year of high school!

BREAKING IN FROSH

Many phases of life are experienced while climbing the ladder of achievement. As freshmen enter high school, they have many new experiences, often quite unusual.

The freshmen started out their year being fearfully quiet, but during the rallies they really let their enthusiasm and spirit be known to everyone. So many things happen in the first year of high school, which slowly but surely bring the freshmen out of their shell.

'81 IS FUN

Learning to drive and how the four-cycle engine of a car works, attaining new carpentry (wood carving, welding, drafting, etc. .), musical, farming, and artistic skills, choosing, ordering and receiving class rings, working on the class float, and sponsoring a class dance are exciting and memorable occasions in which sophomores may participate. The second year of high school is not as bad as it was first thought to be. Sophomores, as Socrates said "the wise fools", are proud to say that the Los Banos Tigers are Number One!

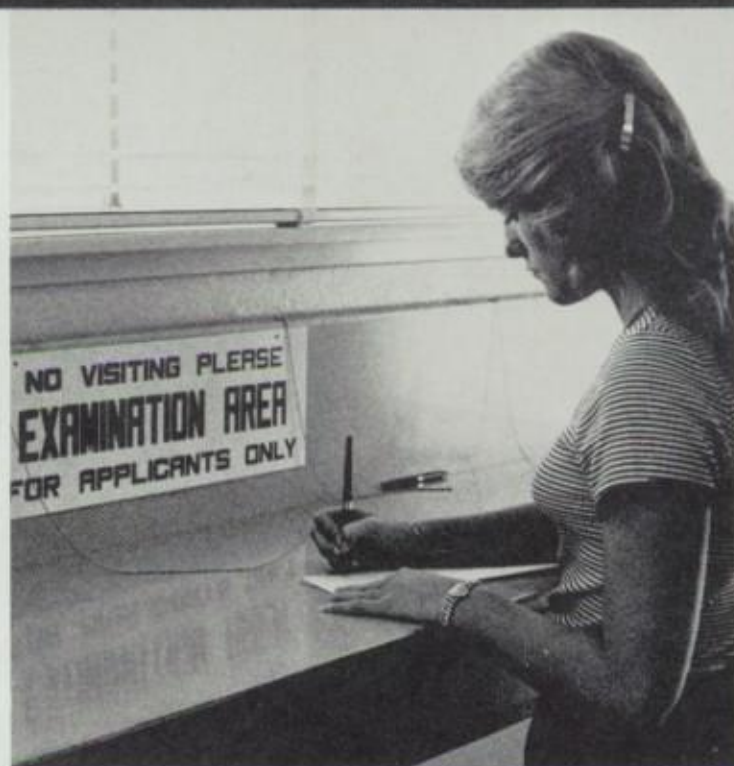

Drivers' Education and Training are nerve-racking but required happenings of the sophomore year. After successfully passing both the student is given his chance to apply for his license and become a "legal" driver.

Even though the sophomores are only in their second year of high school, they are one of the most spirited classes around.

The junior class leaves
 little to be desired. First
 of all, its Homecoming
 Queen Candidate, Lisa
 Giannone, received the
 crown to reign for the
 remainder of the year. It
 also displayed special
 abilities when it received
 first place for its float in
 the Homecoming Parade.
 Such achievements show
 organization and talent in
 the junior class, and many
 accomplishments in the
 past have also added to
 their present capabilities.
 The juniors are an all-
 round class that really has
 a big Pride.

NEXT YEAR

The juniors have many talents, such as excelling in music and athletics. They're not afraid of putting these to the test and just plain showing them off. Juniors are a real spirited bunch and can always be seen rooting for their classmates. The Spirit Stick, won many times by the juniors, was once a main part of the rallies, until the seniors' water balloons flew.

Juniors try to keep the mind in shape as well as the body, for they know this helps to develop their character. Studying and exercising helps them ready for the pop quizzes and the miracle plays that keep them on their toes. Volleyball is a main sport played in most P.E. classes. As well, the amphitheater steps are a central meeting spot to study for tests and do leftover homework.

Mr. Joe Martinez is a man of many talents. He speaks at least five languages: Spanish, German, French, Italian, and English and is the coach for both the Girls' and Boys' Tennis Teams. He has good relations with the students and really cares for those with whom he comes in contact. Mr. Martinez, or "Feo" as his Spanish students call him, is a firm believer in discipline and respect for educators and people in general, but he also feels that students can have fun with a teacher and respect him at the same time. Hopefully, for all, this will bring students and teachers closer for the benefit of both.

MAN OF TALENTS

“Your basis in life should be as the artist’s canvas
- an object from which you can create.”

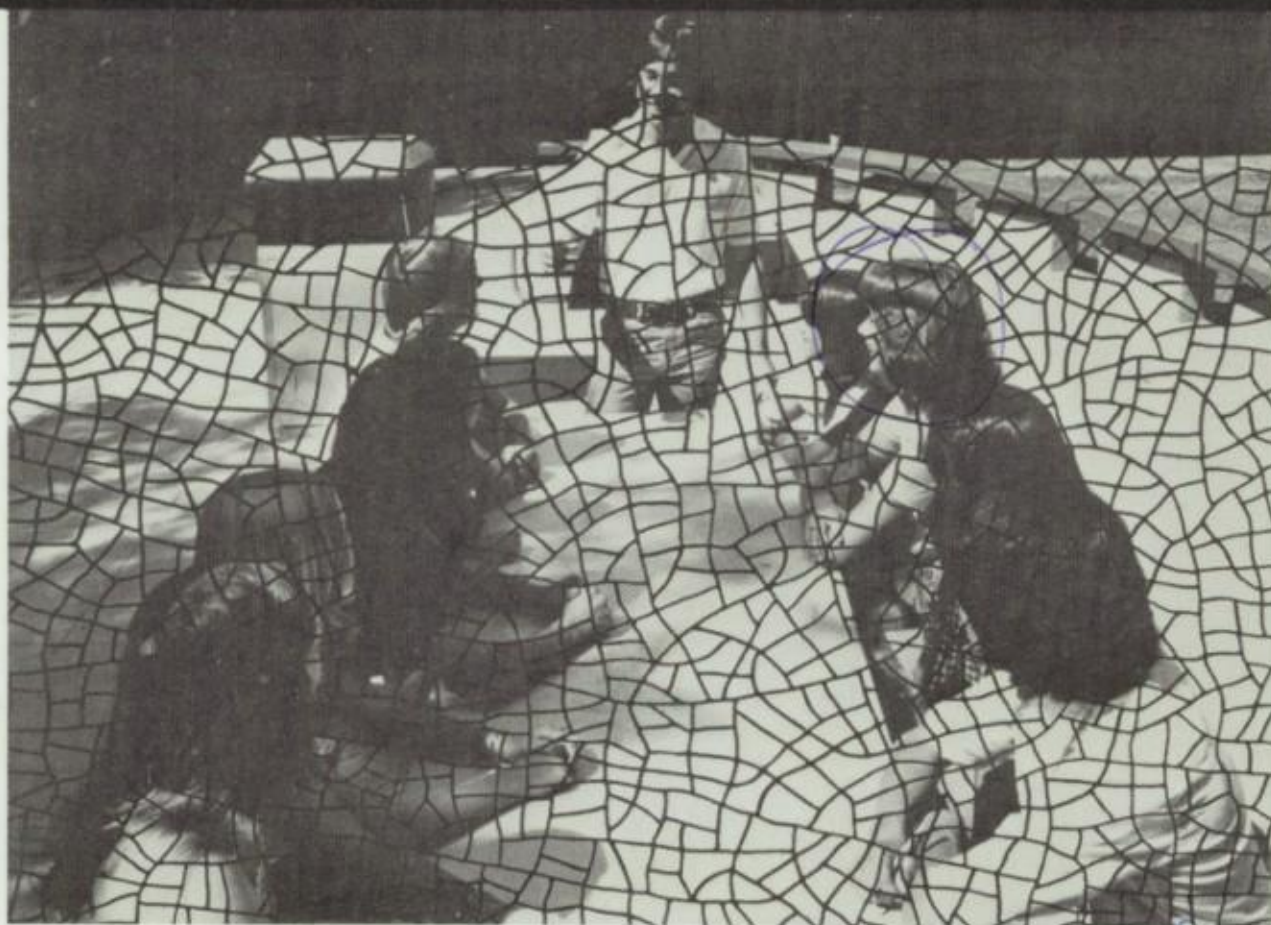

- Chris Sparks

BASIS OF CREATIVITY

Originality is the main quality looked for in Art Club members. They have their own style which is expressed when they participate in the Art Festival sponsored by the Art Club. The members attend many functions in the field of art that are creative and unique events, for after all, creativeness is what art is all about. Art is a fantastic way of expression for all who participate.

To raise money for the musical, the choir decided to sell Christmas candles.

NO, NO, NANETTE

The year is 1925 in New York. Jimmy Smith is a happy-go-lucky Bible salesman who just loves to "spread sunshine" wherever he goes. However, the sunshine is lost in clouds as the three girls he has innocently given money to in the past reappear in his life, confessing their love for him. Sue, Jimmy's wife, mustn't find out about this suspicious-looking scene, so Jimmy calls his lawyer, Bill Early, to help him out of it. Bill promises to buy them off, and, without telling Jimmy, has the three girls promise to meet him at Chickadee Cottage, Sue and Jimmy's summer home in Atlantic City. Meanwhile, Nanette, Sue and Jimmy's niece, is having her own troubles with her boyfriend, Tom Trainer, who is Bill's law associate and nephew of his wife Lucille. Nanette wants to go to Atlantic City with her friends, but, forever obeying her Aunt Sue, cannot go. Jimmy, who was supposed to go to Philadelphia to talk of one of his "problems", feels so sorry for Nanette that he promises to take her to Chickadee Cottage for the weekend. While this is going on, Sue, who is Lucille's best friend, finds Bill negotiating with the three girls, and, jumping to the wrong conclusion, decides to take Lucille with her to Chickadee Cottage for the weekend, since Jimmy is supposedly going to Philadelphia and Bill, to Boston. When everyone turns up at Chickadee Cottage-Bill, Jimmy, Sue, Lucille, Nanette, Tom, and Pauline the Maid-the truths are revealed, and, after long quarrels and choruses, the couples make up, sing, and live "happily ever after".

POR

Homecoming is a very exciting celebration for Los Banos High School. Enthusiasm and spirit warm up the life around the school, but for the majorettes, even Grandma's afghan was needed to keep the chill out. Even though it was one of the coldest games, the football team went out and did their best to win 8-0. This proved to be one of the most exciting games of the year.

"Quality and effort go hand in hand."

- Chris Sparks

The Homecoming Game was well-celebrated by all who attended the Homecoming Dance, sponsored by the sophomore class. Students, their guests, and alumni boogied to the music of "Riverside Express". The Victory of the Mighty Tiger Varsity Football Team helped to make the spirit of the dance high and successful. The usual stream of honking cars and cheering people was seen downtown before and after the dance to celebrate the victorious game.

QUALITY IS SPECIAL

PQR

Homecoming is the time for floats, parades, and dances, but what's the most fun is dressing up for designated days for Homecoming Dress-up Week. Tie Day proved to be all knotted up when students displayed their idea of tying in spirit with enthusiasm. Favorite Persons Day also seemed to be exciting for many students. Each person showed off their admiration by dressing up as their favorite person. Homecoming Week proved to be fun for all.

Our memories grow weak—the time flashes by;
All thoughts for tomorrow vanish with the new sun.
With wings of gold the dove soars o’er us,
Reminding us of our being alive— as one.
And friend, though I may not see your face,
The smile and the lighted eyes I once knew,
I shall forever treasure the time of the past,
The days that we spent — just for me and you . . .

"Ah, the screaming fans, the thrill of victory, and the agony of defeat . . ." As the sports seasons come and go, so do the athletes and the famous plays that made each game a special event in the memories of its players and fans. The dedication that one gives to a sport can build his character and sharpen his recognition of himself. Both as an athlete and as a person with special traits and abilities, he may then receive the training and skills needed to produce a well-rounded individual.

The Junior Varsity's season was not as
productive as hoped. However, the team brought
the season to a dramatic climax by defeating
Manteca in the last game of the season. Their
win was an important V.O.L. League game,
which kept Manteca from holding the league
down alone. Manteca tied with East Union and
Oakdale for first place, while Los Banos tied
Ceres for last place in the Valley Oak League.

SEASONAL EVENTS

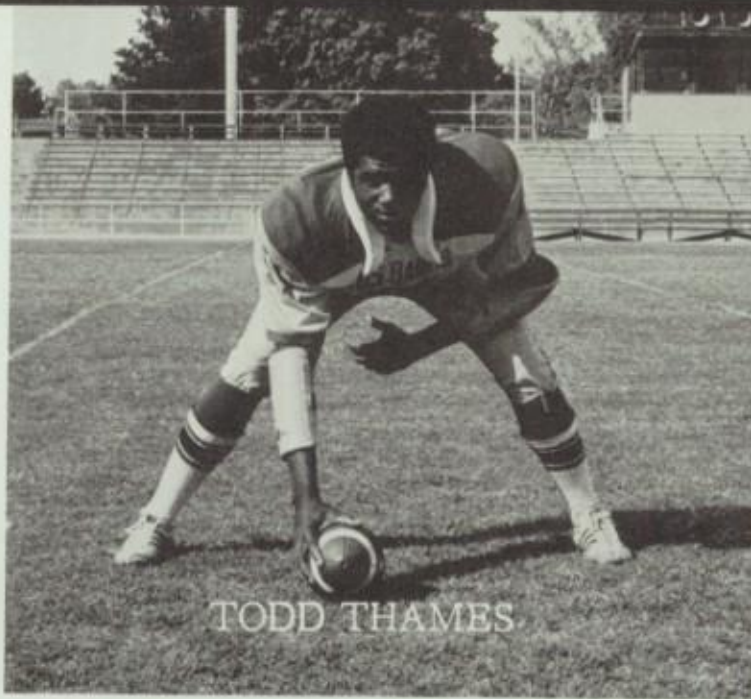

The Varsity Tiger Football Team had an outstanding season that placed them fourth in the Valley Oak League with a 6-4 record. The Los Banos High School Team ranked third in the area among all other high schools in rushing in the Stanislaus District. For total offense, the Tigers were ranked first in the Valley Oak League. The Tigers beat the Central California Champions, Beyer High School, 22-19; Hollister, the Mission Trail Valley League Champs 14-7; and also their arch rivals, the Dos Palos Broncos, 29-0!! In the four games that the Tigers lost they had a total of 21 turnovers which thwarted their championship hopes. One can be sure that those long winter games, at which everyone huddled in blankets sipping hot chocolate from thermoses, will be missed until next season. Depicted on this page are events of the season for the Varsity, J.V. and Frosh Teams together. The excitement that the teams brought to the crowds will be rekindled once again when the 1979 season comes around.

Basketball is much more than just dribbling the ball down the court and shooting it into the basket. Many drills are run through each day to improve "driving" techniques in order to produce a winning team. Defense is also very important in that in order to keep the opponent from scoring, legal blocking must be used.

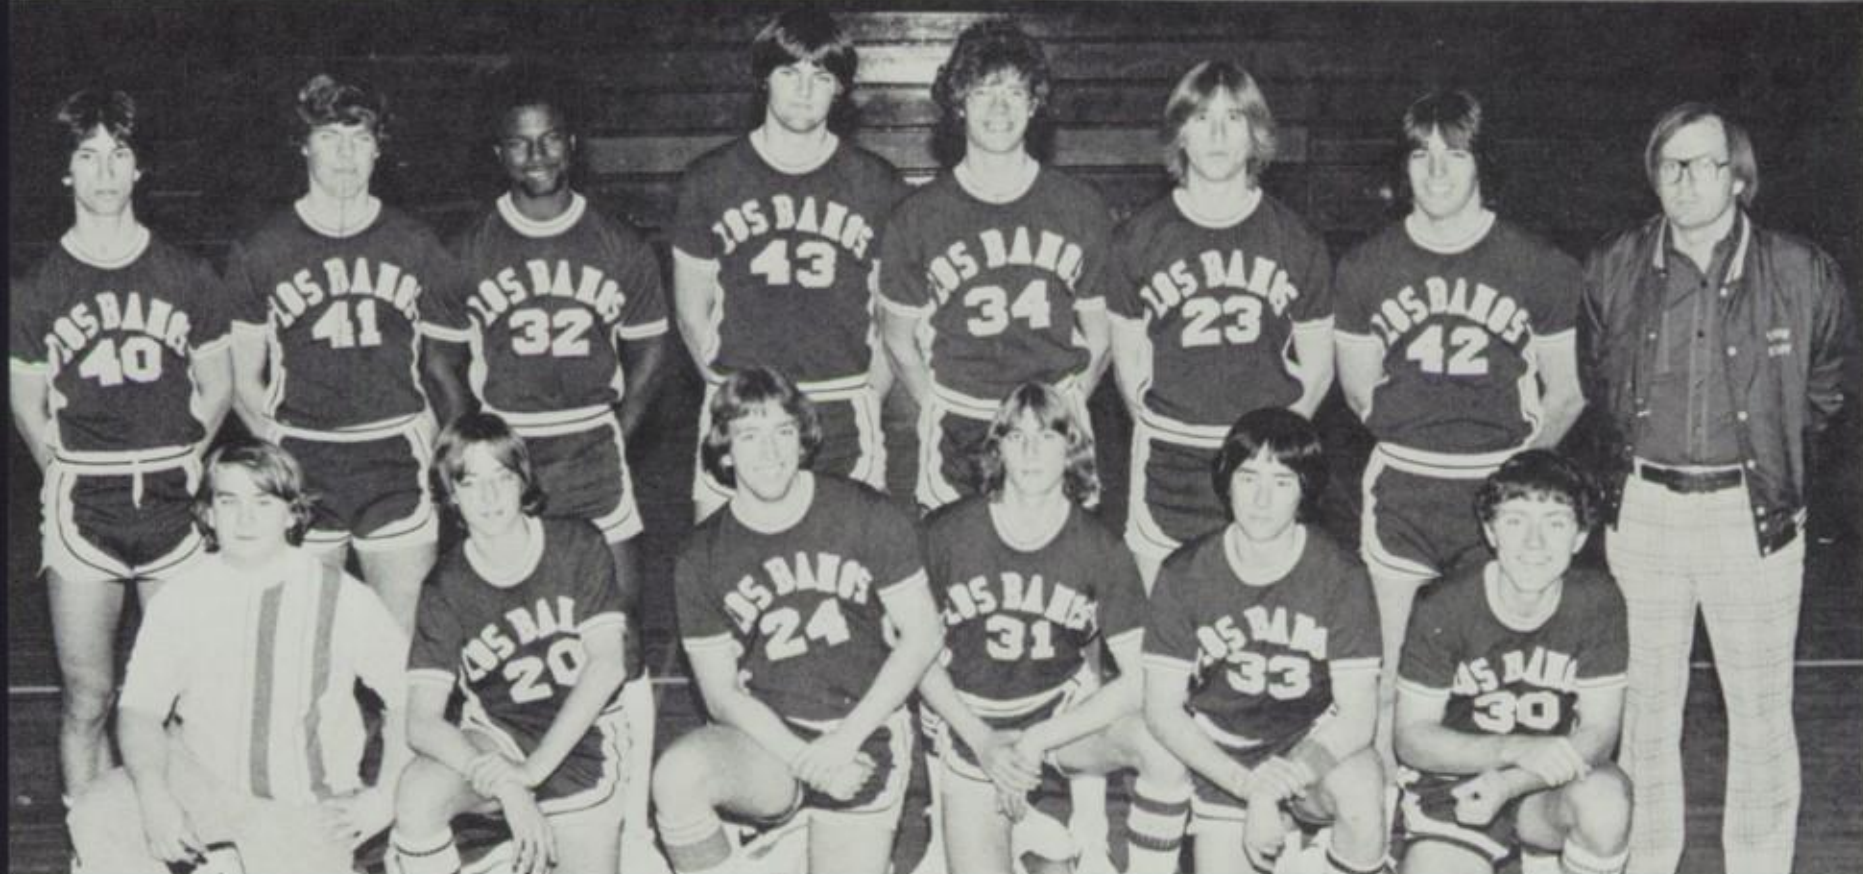

ABOVE, BASKETBALL TOURNAMENT QUEEN AND CANDIDATES: Phyllis Ribeiro, Queen; Virginia Areia, Bridgitte Bretz, Lisa Wilber.

The basketball season was touched with many exciting events, one being the crowning of the Tournament Queen, Phyllis Ribeiro, at the Tournament Dance in December.

The very young Junior Varsity Baseball Team with its majority of freshmen was standing 3-2 in its preseason games at the time of this writing. The players had beaten Yosemite, 5-1; Firebaugh 14-6; and Le Grand, 5-3. Their losses included Livingston, 3-5 and Firebaugh, 1-5. Coach Gary Caropresso stated that thought the team was young, it would mature and "start coming around." League games were to start on March 30.

ROW TWO: Assistant Coach John Booher, John Ford, Robert Survera, Joe McColloch, Chuck Martin, Mananedo, Don Mallonee, Greg Hutsell, Mark Keys, Avila, Coach Tim Poznoff.

Varsity Baseball Coach Tim Poznoff said that his team was the most enjoyable group of young men he's had the opportunity to coach. Good pitching, great hitting and strong defense were mentioned by Poznoff. Season scores were Los Banos beating Palos, 5-4; Le Grande, 8-1; Livingston, 12-3; Firebaugh, 5-0 and 3-1; and Yosemite, 18-13.

Although softball is only three years old at Los Banos High, the girls showed that, with a little practice, a sport can be very endearing and fulfilling to each participant when she dedicates herself for the benefit of the team and the sport itself. The girls have done a fine job in past years and seem to improve each year.

THE THRILL OF IT ALL

The long, gruelling sports
 seasons have ended, but the
 memorable players, coaches,
 and spirit will remain
 forgotten for a long while
 the dedication and hard
 work that were given each
 sport linger in school
 story. Again, during the
 long summer months, that
 dedication shall rise again to
 better the players in their
 games and enable them to
 make their games and enable
 them to make their mark in
 school sports.

Bus drivers are friendly people who really care for their cargo. They bring students to and from school with a smile, an encouraging word, and sometimes a helpful hint. When 3:30 comes around, students may have completed a full day's work, but the bus drivers still have quite a bit of work to do before bringing their day to an end. Each driver is required to keep the maintenance up on his own bus. This includes picking up candy and gum wrappers, washing down the bus, and refueling it for the next run.

Being able to participate in sports, rallies, class activities, clubs, and finally the graduation ceremony makes school life valuable to the senior. They have a full and exciting schedule that makes the last year of high school a place and time that will last in the memories of all concerned.

TODAY'S SENIORS

1979 Seniors!

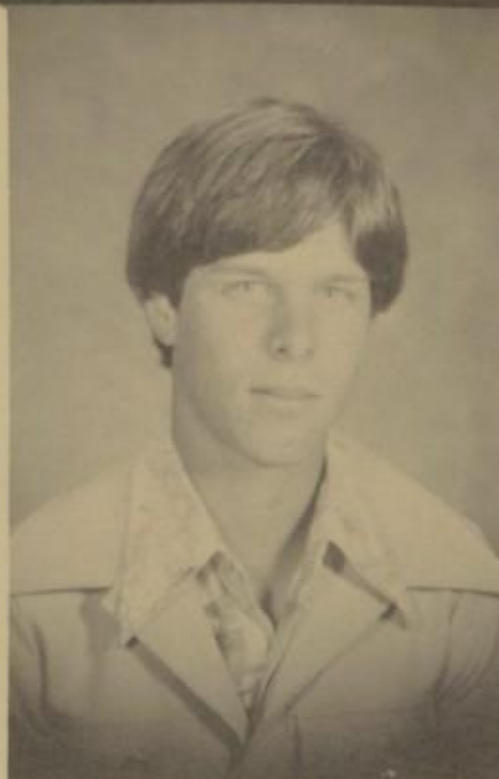

In the final days of the senior year, students share thoughts and memories which will never be forgotten. The signatures of one's classmates are keepsakes as, by and by, the students will refer back to their yearbook to look upon the good old days of high school.

Nervousness and excitement are two emotions seniors feel while making final adjustments before ending their last days of high school. Seniors must be measured and fitted for caps and gowns in advance for a perfect appearance at the graduation ceremonies.

As Homecoming rolls around seniors look forward to building their last float for the parade. Much time and effort is spent on perfecting a float that will hopefully be the winning eyecatcher. The title of their final float was "Bale the Wildcats", which proved to be the perfect phrase as the Tigers "boxed up" their opponent in the Homecoming Game.

IF THEY COULD SEE YOU...

SEARCHING FOR...

Although many seniors spend their lunches patronizing local restaurants, some stay at school and eat the lunches prepared by the Central Kitchen or lunches brought from home. Most seniors spend their lunchtime just doin' their own thing: eating lunch, studying, or just plain goofing off.

Counselors offer advice to students having problems with their career choices, since high school years are the roots for a prosperous future and the basis for a life of being aware of themselves as well as their environment.

Jorge Martinez, who is sponsored by the Youth For Understanding Association, is from Barquisimeto, Venezuela. He comes from a large family of four brothers and three sisters. The difference between the United States and Venezuela that Jorge pointed out were: food flavors, customs, and the people are less friendly in the United States. Also he noted that school work is much easier academically. In Venezuela they don't have school dances, but the boys seem to enjoy dancing more than the boys in the United States.

Homemaking is an important class where learning how to cook is a major project. Many seniors take homemaking courses to prepare themselves for later on in life when they're out on their own. Keeping a house and being able to maintain a suitable food supply comes in handy throughout the years.

Research is a big part of the senior year. It is preparation for the freshman year of college, if that is the goal of the student. Seniors are often seen around the reference books, but they are frequently caught with comics and magazines, relaxed and enjoying a laugh for a few fleeting moments.

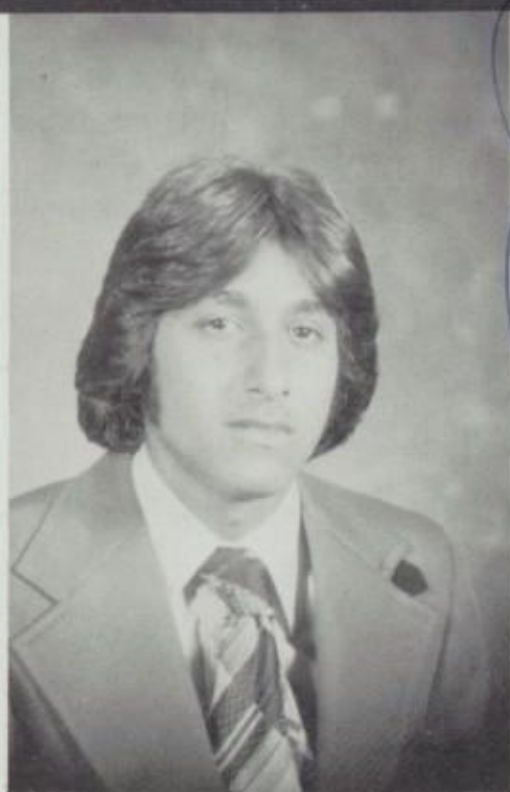

SENIOR 2021

come together

Dances accent the seniors' school year as they spice up the ending of their final year of school. The seniors also try to give freshmen a good outlook on the high school so they may be able to enjoy their climb towards their goal in life.

Even seniors need time to just kick back and relax. Discussing the troubles and tribulations of being a senior sometimes makes the day a little easier to withstand. Just being able to sit, talk, and enjoy a little bit of nature makes the last year of high school a little more enjoyable.

Seniors take toning and body building as very serious aspects of the male ego. Los Banos High School Physical Education classes offer such courses, and newly installed equipment gives males and females a chance to improve their bodies, coordination, and sportsmanship for the future.

YOU'VE COME A LONG WAY

FOR A WEEK DAY

In an effort to meet graduation requirements, seniors take on a full schedule of recommended classes in order to receive their diplomas. College preparatory classes are taken by many students. Others prepare for their future by taking business courses which enable them to find jobs upon graduating from high school.

The seniors are considered to be a very privileged class. Since they have gone through three years of pushing, shoving, and fighting for places in the lunch lines, a special line is designated for seniors only, which gives them the right to "cut" in front of lower classmen.

SENIOR FREAKS!

Graduation is much more than just receiving a diploma and working towards a new life style. As can be seen here, many joyous occasions fill the lives of the seniors, whether it be catching that touchdown pass, striving for the title crown or even eating the most pancakes. Whichever it may be, each senior will look back upon the exciting memories of his high school years and share them with anyone he may meet on his journey down life's road.

Sr. PERSONALITY

The tide of life moves on;
In space and time it flows,
And with it go our memories,
Our loves, our hates, our woes.
Yet do we ever stop to see,
When time in its flight passes,
How we come to know ourselves
And our emotions in their masses?
All of the world around us,
So grand, so wise, so old,
Must be seen as life itself
When our selves majestically unfold.

English with the Head, what a class! I've known you for a long time now and I enjoyed Bull sitting with you and the gang. Did you enjoyed Gay Pauls class this year since you will be seeing him next year. In Fresno next year stay away from Big Paul please. You don't plan to be like him. Do you really know about Physics, I doubt it. Had great times in Jr. High and now ending four years in high school. Don't forget to invite ~~Lewis~~ + me to the wedding. I'm best man don't forget. Glad to get the hell out of this god damn fucking shitty school. Well good luck in the future and at Fresno State with the dreaded Paul Robinson!
